CITY OF CHICAGO

**MEMORANDUM**

**To:** The Honorable Carrie M. Austin  
Chairman, Committee on the Budget and Government Operations

**From:** Randy Conner  
Commissioner  
Department of Water Management

**CC:** Deanne Millison  
Mayor's Office of Legislative Counsel and Government Affairs

**Date:** November 6, 2018

**Re:** Request for Information from Annual Appropriation Committee Hearing

**ID#:** 88-01 Operating Engineer Group C

---

The information below is in response to questions posed by Alderman Sposato at our Department's hearing on November 1, 2018 to present the proposed 2019 budget.

Alderman Sposato asked why there is a decrease of Operating Engineer Group C positions from 75 to 74.

During our annual review of budgeted positions, the department makes determinations on positions needed for operations for the new year. Factors that affect these needs include, budgeted positions, attrition and new hires. From time to time, based on those needs the department may adjust (up or down) its annual appropriations for the upcoming budget year. While the department decreased one Operating Engineer Group C (OEC) position in the 2019 budget, the department is moving forward with the hiring process for 22 OEC vacancies.

As always, please let me know if you have any further questions.

**ID#:** 88-02 Water Meter Installation

---

The information below is in response to questions posed by Alderman Mitts at our Department's hearing on November 1, 2018 to present the proposed 2019 budget.

Alderman Mitts requested the number of water meters installed since the inception of the program.

Between 2001-2008, there were 17,000 meters installed under various programs. The MeterSave program began in 2009, and since then, 129,447 meters have been installed.

Please let me know if you have any further questions.

**Re:** Request for Information from Annual Appropriation Committee Hearing

**ID#:** 88-03 Water Meter Consumer Cost

---

The information below is in response to questions posed by Alderman Mitts at our Department's hearing on November 1, 2018 to present the proposed 2019 budget.

Alderman Mitts asked a two-point question as follows:

- (1) Will water meters and meter installations continue to be free programs until 2020?
- (2) At what point will residents have to pay for water meters and meter installation?

Pursuant to the attached MeterSave ordinance, the MeterSave program will continue until December 31, 2020 with the installation of the meters at no cost to the property owner.

Please let me know if you have any further questions.

**ID#:** 88-04 Private Contractor Damage

---

The information below is in response to questions posed by Alderman Waguespack at our Department's hearing on November 1, 2018 to present the proposed 2019 budget.

Alderman Waguespack asked for a list of work done by private contractors that caused City crews to correct the work or may have caused more serious follow-up for the Department of Water Management.

See the attached list of such private contractor work.

Please let me know if you have any further questions.
